

Green suction hose

Green, transparent PVC hose with white impact-resistant extra strong spiral.

APPLICATION

Irrigation systems, for flexible suction line, indoors or outdoors, water storage

CHARACTERISTICS

- ✓ Very flexible and kink-resistant
- ✓ Very smooth inner wall for optimum flow
- ✓ Suitable for the intake of water, waste water, water with minor contents of solids

TECHNICAL DATA

Material:	: PVC
Temperature	: -5°C to 60°C
Working pressure	: see table
Colour	: green / transparent with white spiral
Roll length	: 25 and 50 meters

Overview of diameters and working pressures

Dimensions	Working pressure vacuum (bar)	Inside diameter (mm)	Outside diameter (mm)
1"	- 0,8	25,0	30,6
1 ¼"	- 0,8	32,0	38,2
1 ½"	- 0,8	38,0	44,6
2"	- 0,8	50,0	57,4
2 ½"	- 0,7	63,0	72,0
3"	- 0,7	75,0	84,4
4"	- 0,6	100,0	110,4
