

PE100 pipe with KOMO certification

Netafim is a certified producer of PE100 pipe and line with KOMO certification, recognisable from the brown stripe. These pipes and lines are intended for applications in the infrastructure and building sector.

APPLICATION

KOMO pipe (brown stripe) is used for e.g. pressurised pipework in sewage systems

CHARACTERISTICS

- ✓ PE100 pipes and lines
- ✓ KOMO-certified for the building sector

TECHNICAL DATA

PE grade : PE100
 Pressure class : PN10 / PN12.5 / PN16
 Certification : KOMO-certified
 Standard : NEN-EN 13244-2
 Appearance : black pipe with brown stripe and imprint "KOMO" with SDR and PN class

Coil and pipe lengths with KOMO certification
